

Product key features

Jerry Bucket

- Oxfam standard
- Improved 14-litre bucket designed to act as a stackable safe water container (rather than as a multipurpose bucket) and to combat the alarming incidence of drinking water contamination
- An HDPE lid is tightly fitted to the body of the bucket through an improved rim lock design
- A larger lid opening with a clip-on-cap allows better cleaning and easier filling from hand pumps
- An optional tap makes taking water from the container simple.
- The curved edges at the base prevents dirt and bacteria accumulation
- Made from virgin HDPE high density polyethylene (body of the bucket, lid and cap) and virgin LDPE low density polyethylene (handle)
- Allows easy distribution in large numbers and considerable freight savings
- Strong and durable quality for a long-life span in tough conditions.

Technical specifications

Dimensions (± 5%)

Capacity	Min. 14 L
Height	300 mm
Top diameter	300 mm
Bottom diameter	240 mm
Cover with clip on cap diameter	100 mm
Component weights	Bucket: min 650 g Lid and cover: min. 175 g Handle: min. 30 g Optional tap: 24 g
Gross weight	Bucket, lid, cover & handle: 870 g Bucket with tap, lid, cover & handle: 890 g

Jerry Bucket - Oxfam Standard

Materials

Marking and logo customised to your requirements.

Materials	
Bucket	Made from food grade virgin HDPE high density polyethylene and virgin LDPE low density polyethylene, according to EN1186-3-9. Manufactured by injection molding process.
Handle	<ul style="list-style-type: none"> Plastic LDPE to ensure easy carrying by hand Strong, flat construction
Lid	<p>The lid that can be closed tightly, making it extremely difficult to remove. The lid has a larger opening with a clip on cap.</p> <ul style="list-style-type: none"> Virgin HDPE high density polyethylene
Optional tap	Durable plastic (HDPE) tap with turn knob, fixed to bucket through hole with locking nut.
Clip-on cap	<ul style="list-style-type: none"> Outer diameter of clip-on cap: 108 mm +/- 5% Inner diameter of cap: 100 mm +/- 5% Outer diameter of cap: 104 mm +/- 5%
Reinforcements	<ul style="list-style-type: none"> Reinforced bottom edge to prevent scraping of the base Reinforced top to prevent ovaling Curved inside base to the walls for easy cleaning
Colours	<ul style="list-style-type: none"> Container: white Lid and cap: vright green (pantone 7488c)

Packing & shipping

Product	Contents	Gross weight	Dimensions
Jerry Bucket	200 Jerry Buckets with lids stacked on pallet	190 kg	116 x 100 x 124 cm
Jerry Bucket with tap	200 Jerry Buckets with lids stacked on pallet 210 taps - one at the bottom of each container and 10 spare	200 kg	116 x 100 x 124 cm

Estimated loadability ¹

Product	Container	With pallet
Jerry Bucket	40' HC	48 pallets (200 pieces per pallet = 9,600 pieces)
Jerry Bucket with tap	200 Jerry Buckets with lids stacked on pallet 210 taps - one at the bottom of each container and 10 spare	48 pallets (200 pieces per pallet = 9,600 pieces)

¹ The loadability provided is based on the maximum volume and weight capacity of the containers. This might change due to road weight restrictions in the country of destination. Please contact our sales team for further clarifications.
