

## Huggy Pro - HPT 24

### UNICEF standard

### Key features

- » Huggy Pro - High Performance Multipurpose Tent made of high quality and durable materials, ensuring a strong construction
- » Solution is comprised of outer cover, shade net, groundsheet and partition
- » A spacious 24 m<sup>2</sup> tent with vertical walls for optimum use of inner space
- » Cost-efficient, lightweight and compact packing
- » Strong and lightweight high tensile steel frame structure to withstand high wind and snow loads
- » Rot and mildew proof, easy to clean and disinfect, resistant to commonly used disinfectants and detergents
- » High performing in hot, cold and wet weather conditions; does not 'heat up' in direct sunlight, blocks UV, does not break or absorb moisture in below zero temperatures
- » High comfort thanks to advanced ventilation and large mesh windows
- » Environmentally friendly: low energy production process, fully recyclable, safely disposable by burning or burying when recycling is not possible.

### Dimensions

<b>Total size</b>	24 m <sup>2</sup>
<b>Floor size</b>	6.0 x 4.0 m (±1%)
<b>Central height outer tent</b>	3.00 m (±1%)
<b>Wall height outer tent</b>	2.05 m (±1%)
<b>Structure</b>	Lightweight tubular steel frame structure
<b>Window size</b>	135 x 135 cm
<b>Ventilation grates</b>	135 x 20 cm

### Add-ons

- » Inner liner
- » Winter liner with insulated flooring
- » Hard flooring
- » Electrical lighting kit
- » Solar lighting kit
