

Jerry Bucket

Oxfam Standard

Safe water storage

Easy to carry

Stackable

With/without spigot

› Key Features

- › Improved 14 L bucket designed to act as a stackable safe water container (rather than as a multipurpose bucket) and to combat the alarming incidence of drinking water contamination.
- › Features an HDPE lid tightly fitted to the body of the bucket through an improved rim lock design.
- › Offers a larger lid opening with a clip-on cap, allowing better cleaning and easier filling from hand pumps.
- › Provides an optional tap that makes taking water from the container simple.
- › Incorporates curved edges at the base to prevent dirt and bacteria accumulation.
- › Facilitates easy distribution in large numbers and considerable freight savings.
- › Boasts strong and durable quality for a long lifespan in tough conditions.

› Dimensions and Weight

Capacity	14 L minimum
Top diameter	300 mm \pm 5%
Height	300 mm \pm 5%
Bottom diameter	240 mm \pm 5%
Component weight	<ul style="list-style-type: none"> › Bucket body: 620 g minimum › Lid and cover: 175 g minimum › Handle: 30 g minimum › Optional tap: 20 g minimum
Gross weight	<ul style="list-style-type: none"> › Bucket, lid, cover and handle: 825 g minimum › Bucket with tap, lid, cover and handle: 845 g minimum
Cover with clip on cap diameter	100 mm \pm 5%

› Graphic Reference

› Technical Specifications

Materials	Made from food grade virgin HDPE high density polyethylene and virgin LDPE low density polyethylene, according to EN1186-3-9. Manufactured by injection molding process
