Multipurpose Tent - MSF/ICRC/IFRC Standard

Fire retardant

Waterproof

Rot-proof

UV stabilised

Logo customisable

› Key Features

- » A multipurpose tent is used for schooling, office, clinic, health centre storage or temporary shelter purposes and can be attached to one another to make a longer structure.
- » Offers a separate groundsheet for use within the tent as an option in case the main tent is used for living conditions or clinics.
- » Provides a shade net with a frame as an option for hot climates.
- » Features a set of 5 partitions to create separate areas and a closed cabin inside the tent is available as an option.
- » Includes an inner tent with a sewn-in bathtub-type groundsheet as an optional feature for increased protection from heat, cold, dust and insects.
- » Accommodates 20 to 40 persons.
